## ● Methodology of ‘Asia Office Price Index’

In the ‘Asia Office Price Index’, we have assumed the office buildings which have the same building standards as the ‘Office Price Index’ Grade-A offices in Central Tokyo. Price per GFA (Gross Floor Area, including common areas) is estimated by Daiwa and the alliance appraisal companies and is indicated in US dollars at the exchange rate at each reference date.

● Transition of 'Office Price Index' by currency of each country
