Trends in the Number of Appraisal Inquiries through the third quarter of 2024

DAIWA REAL ESTATE APPRAISAL CO.,LTD.

- ◆ Number of inquiries for property appraisal : "No. of property inquiries"*
- ◆ Number of times appraisers were contacted : "No. of times of contact"*

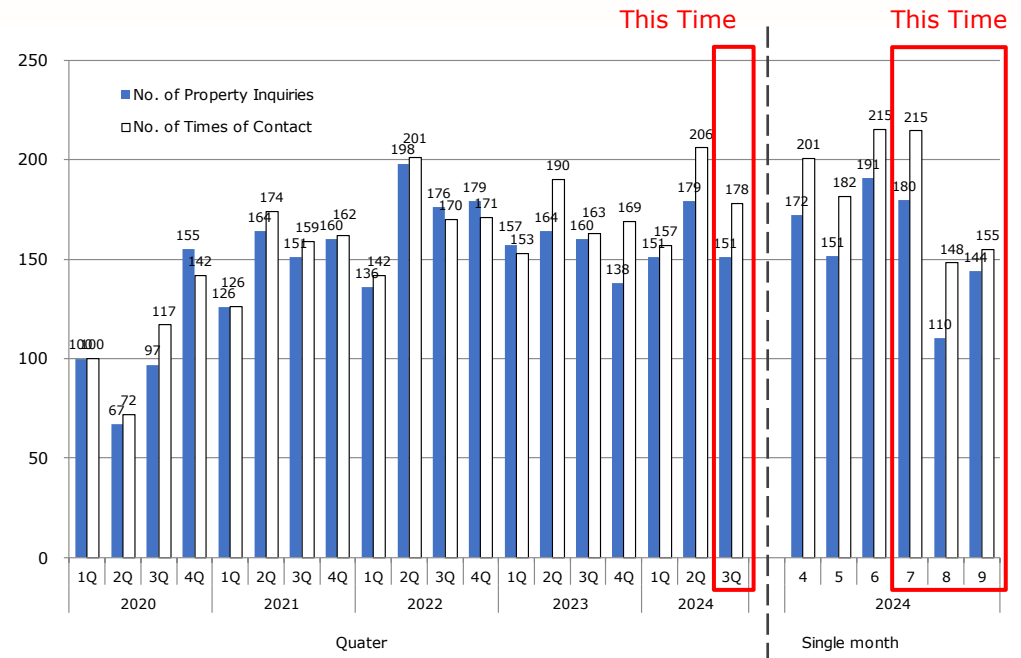

Overview

- Both the number of property inquiries and the number of times of contact in 2Q and 4Q are larger than that of 1Q and 3Q due to the number of business days.
- Since 2022, the number of property inquiries are shifting between 1.5 to 1.8 times that of 1Q 2020.
- Both the number of property inquiries and the number of times of contact in August and September 2024 were lower than those in the same months of 2023, although the number of times of contact in 3Q 2024 was higher than that of 3Q 2023.

* E.g. If an appraiser receives an appraisal inquiry for 3 properties at one time, "No. of property inquiries" is recorded as 3 and "No. of times of contact" as 1.

Quarter: 1Q2020=100

Single month: Average of Jan. and Feb.2020=100
